Audrey,

Apologies for the difficulty in connecting.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) Please review those figures first to see the information captures there. I attached one here.

Could you please fill out a table (Excel) like the shell I have attached? If you want to start with 10 and send that to me to check that we are all in agreement about what is being asked for, that would be great.

The pdfs should be in HERO but if you cannot locate some of them there, they can be found on the Washington L: drive or we can send them to you.

I spoke with Barbara and we'd like to have this by next week Wednesday (9/18) so there is a day or two before you go on leave to resolve any last issues.

Thanks so much!

Tom
